## GignoSystem Japan Launch of “Official Mega Games” Site with Many Applications Available Compatible with “Vodafone Live!” MegaAppli / 256kver2

On Tuesday, November 1, 2005, GignoSystem Japan, Inc. (HQ in Chiyoda-ku, Tokyo, President & CEO: Keiko Iida) launched the “Official Mega Games” high-quality original site as the official site for Vodafone Live!

This is the first time for our company to provide games for “Vodafone Live!”

We provide high-quality games that are compatible with “MegaAppli” (which supports applications of up to 1Mb for Vodafone3G mobile phones) high-specification and large capacity applications provided by “Vodafone Live!” In addition,

our total game site provides games that are also compatible with “256kver2 Applications” (applications with the latest “Mascot Capsule® Ver.4” 3D engine for playing high-speed full 3D games), which covers most Vodafone users.

Six games are currently provided as part of “Official Mega Games:” “Angel Burst,” “Love Train,” “Junky Blow,” “Legend of KAGEMUSYA,” “Tokyo Love Private Detective.” and “Nightmare Sky.”

<Detailed Contents of Each Game>

### “Angel Burst”

This is a horizontal scroll shooting game, which uses full 3D polygon (polygon is used for 3D computer graphics to render three dimensional shapes). This game uses ultra-high quality CG beautiful girls and high quality sound. It also contains many cool presentations and aggressive 3D fighting scenes with the main boss. The game progresses using two different shots. When the player is in a tough spot, the player can use a bomber. Beautiful female angels explode and destroy the enemy. If the player can clear the stage, he can receive CGs and voices. This game comes with a gallery mode so that the CGs and voices can be received by clearing the stage.

### “Love Train”

This is a love simulation game that allows the player to approach girls they meet on the train. This game contains high-quality graphics and the voice of beautiful girls! The player can approach three girls who each have different characteristics. The game is played by using the UP/DOWN selection keys and the ENTER key. The player’s likeability depends on their selected actions on the train while commuting to and from school. The player can develop his personality using the three items he gets from school.

The player must improve himself depending on which girl he is targeting in order to declare his love.

### “Junky Blow”

This is a horizontal scroll, no-rules fighting action game.

This game uses full 3D CG similar to overseas games. The player selects one of two characters and fights gangs on the street. If the player is able to defeat a certain number of enemies, a boss appears. If the boss is defeated, the stage is cleared.

If there are five or more items, it is possible for the player to use the “Junky Blow,” which can greatly damage the enemy.

### “Legend of KAGEMUSYA”

This is an exciting samurai game that allows the player to advance by fighting enemies one at a time. The setting is 1582 in Kyoto. General Nobunaga Oda orders his follower Mitsuhide Akechi to establish a Gogyo Kekkai centered in the Honnoji Temple ( Gogyo is based on an ancient Chinese philosophy. It represents the five elements of the universe: wood, fire, earth, gold, and water. Kekkai means a special area for training. Refer to “Kojien” published by Iwanami Shoten). Later, Nobunaga becomes an evil archenemy using the power of the Kekkai.

The world will be covered in darkness forever.

Kibakagemaru is heading to Kameyama castle to get a painting of the Gogyo Kekkai owned by Mitsuhide... Now, the never-before-heard legend of Kagemusya begins.

### “Tokyo Love Private Detective”

Why don't you approach and get to know that girl from the not-too-distant future Tokyo! This is a love adventure game. The setting is Tokyo in the not-too-distant future and the main character is an intelligent freelance worker. He has a “Mobeach” phone to find girls throughout Tokyo. Why not meet and get to know girls using your “Mobeach” phone's functions and your good judgment.
