## GignoSystem Japan Launch Providing of "Final Blast" on the "Real Mega Games" Site with Many Applications Available Compatible with "Vodafone Live!" MegaAppli / 256kver2

On Wednesday, December 14, 2005, GignoSystem Japan Inc. (HQ in Chiyoda-ku, Tokyo, President & CEO: Keiko Iida) launched providing of the new game "Final Blast" in the original high quality "Real Mega Games" site as the official site for Vodafone Live!

"Final Blast" is a shooting game that uses 3D polygons (polygons are used for 3D computer graphics to render three dimensional shapes) to display player and enemy characters. Very flashy production using 3D special effects such as laser beams and explosions and each stage's huge boss character appear and heat up the game.

"Final Blast"  
Top image (Sample)

Operation possible with one hand for beginners! A simple system that is easy to play has been adopted, and because the degree of difficulty of enemy attacks is powered-up gradually every time you clear each stage, advanced players too can enjoy it many times over.

(About GignoSystem Japan)

GignoSystem was founded in 1996 as a company engaged in the development of internet-based systems. The Company now offers a range of paid information services for use with NTT DoCoMo, KDDI and Vodafone mobile phones. The Company has also extended activities overseas, offering paid services for mobile phones used in 11 countries and 8 languages. Apart from paid information services, GignoSystem is also actively engaged in other businesses areas such as e-commerce. In October 2004, GignoSystem formed a capital alliance with TOKYO FM, a key broadcaster on the FM network with 38 stations across the country, and aims to create new business out of the fusion of broadcasting and communications.
