GignoSystem Japan Super! Drama TV Vote results for “40 hours of ultimate Star Trek”

On Friday, September 15, 2006, GignoSystem Japan, Inc. (HQ in Chiyoda-ku, Tokyo, President & CEO: Keiko Iida) announced vote results on the company's official mobile site for the three carriers, “Star Trek mobile,” concerning viewer requests for “40 hours of ultimate Star Trek,” a program for the CS special channel “Super! Drama TV.”

(C) 2006 CBS
Studios Inc.

The top 15 shows from this vote results will be broadcasted counting down in order from No. 15 as the series “top 15 ‘Star Trek’ episodes by viewers”, from 10:00 to 26:00 on Saturday, September 16, 2006, during the program “40 hours of ultimate Star Trek” on “Super! Drama TV.”

This year marks the 40th anniversary since the first episode of “Star Trek” was broadcasted worldwide on September 8, 1966. We have launched a 40th anniversary edition website in “Star Trek mobile,” distributing a free special wallpaper as part of the 40th broadcast anniversary of “Star Trek.”

Many other 40th anniversary projects are awaiting you. Keep looking forward to our “Star Trek mobile!”

Memorial wallpaper during free delivery (1)

Also, the special 40th anniversary leaflet co-produced by the licensees in Japan is being distributed for free in Village Vanguard shops and toy stores, in addition to broadcasts and mobile sites.

(About GignoSystem Japan)

GignoSystem was founded in 1996 as a company engaged in the development of internet-based systems. The Company now offers a range of paid information services for use with NTT DoCoMo, KDDI and Vodafone mobile phones. The Company has also extended activities overseas, offering paid services for mobile phones used in 12 countries and 9 languages. Apart from paid information services, GignoSystem is also actively engaged in other businesses areas such as e-commerce. In October 2004, GignoSystem formed a capital alliance with TOKYO FM, a key broadcaster on the FM network with 38 stations across the country, and aims to create new business out of the fusion of broadcasting and communications.
