(About GignoSystem Japan)

GignoSystem was founded in 1996 as a company engaged in the development of internet-based systems. The Company now offers a range of paid information services for use with NTT DoCoMo, KDDI and Vodafone mobile phones. The Company has also extended activities overseas, offering paid services for mobile phones used in 12 countries and 9 languages. Apart from paid information services, GignoSystem is also actively engaged in other businesses areas such as e-commerce. In October 2004, GignoSystem formed a capital alliance with TOKYO FM, a key broadcaster on the FM network with 38 stations across the country, and aims to create new business out of the fusion of broadcasting and communications.
