## < About “Kagemusha Densetsu” >

The game is a heroic sword battle game staged in Kyoto in Tensho 10 (1582). The aim is to cut down enemies relentlessly attacking you. The original scenario, which was written from a dynamic standpoint, will develop with a theme of shadowy historical “Honnoji Incidence”.

Nobunaga Oda manipulated his follower, Mitsuhide Akechi, and made him create a huge five-element sanctuary (\*1) centered on Honnoji. Nobunaga became an evil Satan with the power of sanctuary and shrouds the world with eternal darkness. The player operates a mysterious body double “Kagemaru Kiba” to chase a five-element sanctuary pictorial diagram that Mitsuhide possesses. You have to beat all enemies and break Nobunaga’s sanctuary at the end.

Can you change history with a help of a mysterious body double?  
The historically unspoken legend of Kagemusha now begins.
