Since opening as an official site on EZweb in July and on Vodafone live! (current SoftBank mobile) in August, “**Visual Story**” has received favorable reviews.

On i-mode “ Visual Story ”, we distribute picture collections mainly and comics for females which you can casually enjoy as e-books.

In a story-driven photo collection, you can enjoy a virtual date feeling with your favorite talent. You can also snapshot how your talents spend their leisure time. You also have a function with which he/she will talk to you when you flip pages. As above, we created an irresistible e-photo book for rabid fans. You can enjoy stories with a variety of twists. For example, some story has comic styles. The story-driven photo collections are all original, newly shot pictures. We also distribute precious movies with talents’ message, which only purchaser can observe.

To commemorate the opening of the i-mode site, we offer applicants the chance to win an instant picture with the talents’ autograph.

(About GignoSystem Japan)

GignoSystem was founded in 1996 as a company engaged in the development of internet-based systems. The Company now offers a range of paid information services for

use with mobile phones of NTT DoCoMo, KDDI and SoftBank Mobile. The Company has also extended activities overseas, offering paid services for mobile phones used in 12 countries and 9 languages. Apart from paid information services, GignoSystem is also actively engaged in other businesses areas such as e-commerce. In October 2004, GignoSystem formed a capital alliance with TOKYO FM, a key broadcaster on the FM network with 38 stations across the country, and aims to create new business out of the fusion of broadcasting and communications.
