Enjoy tactical simulation RPG of new sense, which challenges the limit of mobile phone game!

### < Game Story >

Captain Leon of a mercenary troop of "White Lion" hired by Kingdom is told to put down monsters appeared near its border and went to the site with a few subordinates.

However, when Leon returned from his mission, he saw his troops injured at the gate of the royal town.

They told him that Prime Minister rebelled, controlled knights and solders with dark magic and confined the King.

The Prime Minister who closed a deal of soul with dark god started using manipulated solders (dark solder) or monsters who are called from devildom and started killing those who resist. Mercenary troops fought back against the demons or dark solders, but gradually scattered in the town around the castle.

Leon is now determined to infiltrate the Kingdom town with full of crawling demons or black solders and rescue his colleagues!
